Dear Mr. Sword:

Thank you for the *Exceptional Event Documentation for the May 4 and July 3, 2013, 8-Hour Ozone NAAQS Exceedance in Clark County Caused by a Wildland Fire Event*, submitted to our office September 16, 2015. In view of the ozone National Ambient Air Quality Standards (NAAQS) having just been revised (10/1/2015), we are deferring action on this demonstration package until it has been determined that these exceedances affect the designation of Clark County under the new 2015 ozone NAAQS.

If you have any questions, please feel free to contact me at (415) 947-4534 or Randy Chang of my staff at (415) 947-4180.

Sincerely,
